

September 8 – Wauseon OH

It was a sunny calm day for our travels to the [American Winery and Brewery](#) in Wauseon, Ohio. It was about a 5-hour drive so we enjoyed a leisurely morning, the drive across the Mackinac Bridge and the lovely countryside of Michigan. We saw a couple of trees starting to change to their fall colors but all greens after a couple of hours.

This is our first Harvest Host on this adventure. Two other RVs were there and the owner of the establishment. We swapped stories and enjoyed the beer and wine tasting.
