

## October 2 – Saco, ME

We headed up to the Lake and Mountain region of Maine to the [Peguawket Trail](#), a state Scenic Byway. It is not yet peak for the colors but we are seeing amazing color in the trees around Saco, however, there is not a ton of color on the Scenic Byway yet. We will need to take this drive later this week to see more color in the mountain area.

I finished 5 of 5, Lord of the Rings virtual challenge, 660 miles, in the Maine woods.
