

October 8 – Gardiner NY

We pulled out of Saco, ME and traveled to Gardiner, NY. It was just a beautiful drive.

Our Harvest Host was [Gardiner Brewing Company](#). We parked in the Apple Orchard along with 35 other guests. This is the largest Harvest Host we have ever stayed at with room for at least 100 RVs plus they have a place for people to pitch tents. There was live music and lots of outdoor seating. We would definitely stay here again, although I would arrive early afternoon to enjoy a stroll through the orchards.
